Donate to the ICB Scholarship Fund

ICB understands that since budgets are tight, facilities and counselors have to find a way to utilize the limited funds they have. When it comes to cuts, education and training are sadly the first to be eliminated. ICB’s mission is to provide competent addiction professionals to the public and the way we do that is through work experience and education. ICB firmly believes that no counselor should sacrifice their continuing education due to lack of funds. Because of that firm belief, a scholarship fund has been established specifically for ICB members who lack the ability to pay the conference fees. Through donations, ICB will provide members with the funds to attend workshops, network with you and their peers and experience every opportunity the conference has to offer. To show our appreciation, exhibitors who donate will be provided with more exposure throughout the conference.
